

Applications

- High Quality Sheet Fed Printing
- Packaging
- HUV, UV and AQ Coating

Features and Benefits

- ThermaSphere[®] compressible layer
- Chemistry Resistant NBR Face Compound
- High Tensile Carcass
- Consistent gauge control
- Polished Surface
- Strippable

Specifications

Color	Blue
Ply	3Ply 4Ply
Compressibility	Medium
Surface	Polished
Surface Roughness (Ra)	0.8 μ m
Hardness (Shore A)	81°
Micro Hardness (Surface)	64°
Elongation (%)	<1.0%

Blanket Guarantee:

The manufacturing process guarantees no pinholes, no porosity and uniformity of thickness.

The blankets are guaranteed to be talc free, in perfect condition and ready to mount on your press when you receive them.

Consistent, Superior Quality Guaranteed.
