## ***File format procedure for NORTH AMERICAN PRESS PRODUCTS Spot Coating Blankets***

### Your Output Formats

- ✓ Recommend creating layout in a vector format then saving as PDF. Make compatible for Illustrator for our final positioning.
- ✓ Shaded area is to represent coating area, make fill at 100% black and add .5 line stroke.
- ✓ Text must be converted to outlines.
- ✓ Files must have .5 point box outlining your actual sheet size. Include register marks and indicate gripper.
- ✓ Do not mirror file image.
- ✓ Do not add any distortion to the file.

***Files should be sent via email to the following:***
