## Komori GL40 with Toolless Clamp System Cyrel Plate Mounting Instructions

Step #1: Zero Register coating unit.

Step #2: On Console set Coater Unit for Flexo Plate as shown in pictures below.

Step #3: Remove Blanket and Packing.

Step 4#: Using Spray Mount Adhesive on rubber side of the Under Blanket, lightly spray (on the Lead, Tail and Middle of Under Blanket) then mount to the cylinder.

**\* DO NOT USE PACKING BAR \***

Step 5#: Mount Cyrel Plate

### Suggestions:

- Start with a light stripe and light impression.
- Save first pull and final register, send to NAPP for evaluation
- If it becomes necessary to use paper packing, use full sheets and
